# NEWSCOMERS

Palma is a host city.  
The neighborhoods and the city  
are the first space for inclusion,  
relationship and cohabitation.

We want to be an inclusive  
and diverse city that fights for  
non-discrimination. Because no  
matter where you born, we are  
all citizens of Palma.

1. We reinforce the projects and actions to receive the new citizenship that strengthen the knowledge and the link with Palma and with the City Council.
2. We will promote the participation of the new citizens in the consultative spaces and decision-making areas.
3. We will give value the contribution of different cultures. We will consolidate programs of activities to give them visibility.
4. We will expand the offer of information / training activities and skills / empowerment workshops, with special attention to the most vulnerable groups of migrants.
5. We will open a subsidies line for projects and activities that strengthen the knowledge of Palma, the rights and duties of citizens, municipal services and the knowledge of languages, especially Catalan.
6. We will fight against discrimination, racism and xenophobia. We will keep the project #StopRacisme Palma.
7. We will develop aids line for associations and citizen entities in general for projects that promote interaction and intercultural cohabitation in the neighborhoods.
8. We will work to identify and eliminate barriers that block access to certain allowances to migrants.
9. We will strengthen the training in intercultural competence of municipal staff and the training focus on detecting and preventing discrimination, racism and xenophobia.
10. We will promote the social inclusion of newcomers through sport.
